

SPINE SESSIONS

A Seminar Series For Back and Neck Health Topics

Topic: **Cervical and Lumbar Spinal Stenosis**

Speaker: **Jaideep Chunduri, MD - Spine Care**

Date and Time: **November 3, 2015 | 6 - 7:30 PM**

Location: **Nathanael Green Lodge
6394 Wesselman Rd | Cincinnati, OH 45248**

While spinal stenosis can be found in any part of the spine, the lumbar and cervical areas are the most commonly affected. Some patients are born with this narrowing, but most often spinal stenosis is seen in patients over the age of 50. In these patients, stenosis is the gradual result of aging and “wear and tear” on the spine during everyday activities. Come and learn about your back pain treatment options!
